WELCOME

Welcome friends! We are delighted that you have joined us and trust that you will enjoy this evening of high-spirited fun as you dine among friends, listen to the cool stylings of Eric Engerbretson, and place bids on a vast array of items and services.

All proceeds from this evening's Auction go to support the work of Logos School. So don't hold back...spend, spend, spend!

Countless hours of preparation have gone into making this evening a delight. I want to take this opportunity to thank the 2016 Auction Steering Committee which is comprised of some very capable women: Paula Casebolt, Kelly Driskill, and Gwen Spencer.

Sincere appreciation also goes to Ben Bowen of Moscow Family Dentistry for helping to underwrite this event and all the other local businesses and individuals who have supported the Auction through table sponsorships and the donation of goods and services found in this catalog.

Your generous bidding is greatly appreciated. The students and staff of Logos School richly benefit from your kindness. Thank you for participating!

2. Placing a bid constitutes a legal contract to buy any item upon which your number is the successful bid.
3. The purchase of dinner tickets is not tax-deductible. The value of your dinner ticket is \$25. Any cost above that is eligible for a tax deduction less any amount sold.

Purchasing

1. Payment must be made by cash, check, Visa, MasterCard, Discover, or American Express. Payment in full is due by the close of the evening. Please pay after all your bidding is completed.
2. All sales are final. No exchanges or refunds on items unless otherwise noted.
3. Values on items are list prices as stated by donors.
4. Restaurant meals do not include alcoholic beverages, tax, or gratuity, unless indicated.
5. Reservations for trips, vacations, and tickets to performances must be mutually arranged with the donor.
6. All items and services must be claimed and used by the expiration date noted by the donor or one year from the date of purchase. For services purchased, we ask that you contact the donor within two weeks after the auction to inform the donor of your name and possible time when the services will be used. The Auction Committee will not accept responsibility for items not used prior to expiration date.
7. The Auction Committee has attempted to describe and catalog all items correctly, but all property is sold as-is and the Auction Committee neither warrants nor represents, and shall in no event be responsible for the correctness of descriptions, authenticity, authorship, provenance, or condition of the property. Silent Auction

1. All items are located on or near tables around the ballroom, with bid sheets nearby.
2. Write your bid number on the first available line and the price you wish to pay. Your bid must be equal to or greater than the bid increment listed on the bid sheet. Raises must be in dollar increments.
3. Your bid number and bid values must be legible. Values that cannot be read are subject to interpretation by the Auction Committee and may result in the winning bid going to the next highest bidder.

5. The Silent Auction sections will close in sequential order. Closings will be announced by the auctioneer. All bidding is over at the announcement of closing; no more writing is allowed.

Live Auction

1. Live Auction bidding will begin at the conclusion of the last Silent Auction section and continues until all items have been auctioned. Items will be displayed for viewing throughout the evening.
2. To bid, raise your bid number high so it can be easily seen. Once the auctioneer acknowledges it, lower it until you wish to bid again.
3. Bidding order of Live Auction items is subject to change after publication of the catalog.

No. 7 Hot Air Balloon Ride

Ballooning is an unforgettable experience. Floating along, riding the wind, and getting a bird's eye view of the Spokane Valley. Your flight will give you a new perspective, viewed by only those who challenge the skies by balloon. Your adventure begins with a passenger briefing, discussing safety procedures for your flight. You'll then watch (or help if you so desire) the unfolding and inflation of the giant balloon. Next you'll board our traditional handcrafted wicker basket. The flight then starts, not by the basket going up but by the ground slipping away as you escape the confines of earth's gravity. Allow three hours for this high adventure romance with the skies. Winds generally blow out of the east in the mornings and from the west in the afternoon. Morning flights are only offered on the weekend but afternoon flights are every day of the week. Your adventure of a lifetime includes preflight activities, at least one hour of flight time, postflight activities, and a ride back to the launch field. Your evening ends at the beautiful Montvale Hotel in downtown Spokane.

Beautiful sunflower tile artwork from the Logos Third Graders. Every student will draw and color sunflowers on one ceramic tile. Altogether, they can make colorful mosaic or wall decoration for any home. Every tile will be signed. This particular project is a classic first wall hanging in the auditorium every fall, and honors the beautiful Northwest autumn landscape. The students really thrive with this picture, and will enjoy putting their own personal touch on each tile.

- 215 Lamb, 35-40 pounds of meat, cut and wrapped locally**
Adding sheep to the Dye's wheat farm gives an extra twist to conservation farming in Garfield County Washington. The need to reduce the amount of straw on their fields before they could seed without tillage helped the Dyes to jump headlong into sheep ranching and they maintain 300 animals during the summer months. When other farmers are spraying or tilling their fallow fields, the Dye family can be found hauling water (4000 gallons per day), setting up netted electric fence, or driving ATV's and riding horses around their grazing flock. The lambs graze on wheat stubble, tender wheat sprouts, and various weeds that commonly grow during fallow season on wheat fields. The sheep control those weeds without the use of herbicides for most of the growing season. The Dyes also plant cover crops that help fill out their diet, including peas and alfalfa which add nutrients and enhance the

biodiversity of the soil. The lamb produced in such a manner is mild and tender. The Dyes raise Targhee Sheep, an American-crafted breed developed in Dubois, Idaho. Small and thrifty, the meat from this breed lacks the strong gamey flavor common to other larger American breeds. It is simple to prepare; salt and pepper prior to BBQ for the chops, seared with fresh garlic and rosemary, garlic salt and pepper, then roasted for the leg and shoulder roasts. This sustainable and humanely raised lamb is approximately 35-40 pounds of meat and is cut and wrapped locally at C&L Locker.

222 Model Ship

The U.S. Syren, a 240-ton brig, was built by Nathaniel Hutton at Philadelphia in 1803. On September 27, she set sail for Gibraltar under the command of Lt. Charles Stewart. The Syren cruised the Mediterranean during the spring and summer of 1804 and participated in the attacks on Tripoli. She remained there for almost a year. After the peace treaty she remained until 1806 when she returned to Washington Navy Yard and laid up for repairs. It should be noted that the only major battle in which she participated was the attacks on Tripoli. History was not kind to Syren after Tripoli. Much of her time was spent in patrolling and enforcing the 1805 peace treaty. She used Gibraltar as her home port for supplies and R & R. In 1808 she was reactivated and joined the Atlantic Fleet during the War of 1812. The HMS Medway a 74-gun English ship of the line captured her. The chase lasted 11 hours, not bad for an 18-gun brig against a 74-gun ship.
