**VISITING GUIDELINES:** *We respectfully request that our visitors comply with the following guidelines to ensure that everyone benefits from the visit:*

1. Please do not distract or speak to a teacher who is teaching or otherwise preoccupied. Very young children can be a distraction so we ask that they not be in the classrooms. You are welcome to quietly observe a class and then see if a time can be mutually arranged to talk to the teacher or staff member. Please do not speak to another adult during class.
2. Please respect the class's materials, papers, books, etc. and do not handle them without the teacher's permission. We have certain school materials for sale. Please check with the front office for a current materials catalog/order form.
3. Please check with the appropriate principal before seeking an interview with a student. Remember, they are students and have classes to attend.
4. Please do not have more than one observer at any time in a class (potential students may observe with their parents). More than that can be distracting to the class.

*I have read and will comply with these guidelines: (Signature)* \_\_\_\_\_

Thank you for your interest in Logos School!
