

## **The Knight's Creed and Commitment**

**K**nights are *grateful* servants of their king who willingly *sacrifice* themselves in the relentless pursuit of *excellence* for the sake of completing their mission. As a knight I commit myself to...

**N**othing less than my best effort in all my classes and activities

**I**mmEDIATE, cheerful, and complete obedience to my parents and teachers

**G**rately confronting the challenges God gives me as an opportunity to grow in wisdom and sharpen my skills

**H**onoring my God by faithfully working unto him and not to men; honoring my classmates by holding each other accountable to the standards of Logos School; honoring my school as an ambassador to the community

**I**thankfully accepting correction while taking responsibility for all of my actions; I will be quick to repent when I sin and quick to forgive when I'm sinned against

**S**acrifice my short term gratification for my future good and that of my classmates

Non Nobis Domine
